**STATEMENT OF FACTS IN SUPPORT OF FILING ON BEHALF OF
NON-SIGNING INVENTOR VESSAL (37 C.F.R. §1.47)**

Commissioner for Patents
Washington, D.C. 20231

Sir:

This statement is made as to the exact facts that are relied upon to establish the diligent effort made to secure the execution of the declaration by the non-signing inventor Vessal for the above-identified patent application before deposit thereof in the U.S. Patent and Trademark Office.

I, Michael R. Hull, Attorney Reg. No. 35,902, residing at 2229 North Orchard, Unit G, Chicago, Illinois, USA, a citizen of the United States, makes this statement of facts on behalf of Motorola, Inc., as I am authorized to act on behalf of Motorola, Inc. (I am listed as an attorney of record under customer no. 29978) and I have first hand knowledge of the efforts to contact non-signing inventor Kaveh Vessal.

29250-CE03957R

The inventions claimed in the above-referenced patent application are the result of the collaborative efforts of Daniel Tell, William Pierce and Kaveh Vessal. The invention disclosure was recorded in the form of a document entitled "Disclosure for Patent Committee," dated November 10, 1998, a copy of which is attached hereto. At that time, Daniel Tell, William Pierce and Kaveh Vessal were all employees of Motorola, Inc. All three inventors, as a part of their employment contract with Motorola, agreed to assign all inventions created during the course and scope of their employment to Motorola, Inc. Thus, Daniel Tell and William Pierce have executed an Assignment of this application to Motorola, Inc.

However, in late 1999, inventor Kaveh Vessal left the employment of Motorola, Inc. His departure from Motorola occurred before the undersigned began to prepare the present patent application. Thus, the present application was prepared by the undersigned, with the assistance of inventors Tell and Pierce. After the application was approved by inventors Tell and Pierce for filing in the Patent Office, inventors Tell and Pierce informed me that Kaveh Vessal had left Motorola in late 1999 and allegedly secured employment at 3Com Corporation, at their facilities in Mount Prospect, Illinois. However, a telephone call to 3Com's facilities in Mount Prospect, Illinois resulted in the undersigned learning that Mr. Vessal had left the employment of 3Com and his current employment status is unknown.

Without a business telephone number in order to contact inventor Vessal, I searched for a home telephone number in Illinois. There is no listed telephone number for inventor Vessal, either at his last known address of 1665 Lincoln Meadows, #1021, Schaumburg, Illinois, 60173 or any other address in the state of Illinois. I also did numerous Internet searches using the YAHOO, WORLD PAGES, BIG FOOT INFOSPACE search engines. I could not find any telephone number, residence or email address for inventor Kaveh

Vessal. Further, I telephoned 3Com Corporation in an attempt to obtain a forwarding address for inventor Vessal. A representative of 3Com Corporation told me that they would not furnish such information, but would only confirm that inventor Vessal was a former employee of 3Com and they would not provide any forwarding address information for any former employee of 3Com.

Thus, I can state that I diligently attempted to locate Mr. Vessal. Further, I can also state that representatives of the assignee Motorola, Inc. have also attempted to locate inventor Vessal, without success. A copy of a November 29, 2001 email from Leo Donlin, an employee of Motorola, Inc. to Lisa Richard, an employee of the undersigned's law firm, clearly indicates that representatives of Motorola have attempted to locate their former employee, inventor Vessal. I personally have also solicited the help of inventors Tell and Pierce to locate their former colleague and co-inventor Vessal. Both inventors Tell and Pierce have been unable to locate inventor Vessal and they indicated directly to me that their attempts were unsuccessful.

Nonetheless, a copy of the application, declaration and assignment was sent by certified mail to Inventor Vessal's last known address. The documents were returned. A copy of the returned envelope is attached hereto.

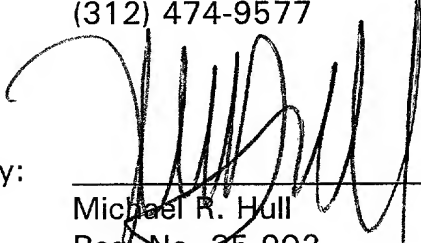

The undersigned hereby verifies that the above statements are true
and correct.

Respectfully submitted,
